4 aspect Target Board

6 aspect Target Board

Upper Mounting Assembly

The BRAUMS upper mounting assembly is designed to suit 100mm posts and provides 4 mounting points for lanterns or other equipment.

The assembly is comprised of 3 main sub-components:

- Upper Mounting Bracket
- Terminal Assembly
- Finial Cap

The upper mounting bracket provides for 4 lantern mounting points and up to 8 cable entry points.

The terminal assembly is available in a range of options to meet end user requirements.

The finial cap provides weather protection for the Terminal Assembly and is available in smoke blue as standard. Other colours are available on request.

The finial cap is attached to the upper mounting bracket by a lanyard that prevents the finial cap from falling during maintenance work.

HARDWARE

Lower Mounting Brackets

The BRAUMS lower mounting bracket is designed to suit 100mm posts and provides two mounting points for lanterns or other equipment.

This bracket can be mounted using a U shape bracket or the two brackets can be mounted together offering four mounting points.

2 Point Lower Mount Bracket (LMB)

4 Point Lower Mount Bracket (LMB)

Visors

BRAUMS offers the full range of visors.

Visors are attached to the Lantern Door by either:

- Plastic Canoe Clips
- Stainless Wire Clips

Standard sizes are:

- Open & Closed 200mm x 200mm
- Open & Closed 300mm x 300mm

Closed Visors are also available in the following:

- 200mm x 300mm
- 200mm x 400mm
- 300mm x 400mm
